NOTED EXPERTS  
TO VISIT WHITE  
POINT GAS FIELD

PERTS, INCLUD-

STANDA  
REACH  
NOW AT  
LL CONTINUES

L. Clarkoff, Secretary White Point  
Company, Returning From Big Gas  
Well Brings Cheering News, Plans  
of Company Not Determined.

The terrific flow of gas from the  
well of the White Point Oil  
Development Company, which was  
brought in Thursday morning with such  
destructive effect on the derrick, has  
caused such interest in the  
importance to this city in the partial  
success of the oil field so near the  
city, continued without the least abate-  
ment yesterday and throughout the  
past day.

No effort has been made to check the  
flow of natural gas and no plans  
have been made in that direction, pend-  
ing the arrival of experts in oil and  
gas operations who are expected in  
the city from Houston and Beaumont  
this morning.

Dr. E. M. Farnsworth and George Kennedy,  
minister and military chaplain, have  
arrived, reporting from the  
front and both agreed to attempt a  
raid on an outfit of the volume  
of flow. They were joined by Wallace  
and the two, after an algorithmic ex-  
periment this morning, will go to the front  
with the idea of having a plan of operation  
to stop the flow. The men  
will then go to Laredo to cap the well  
and to render assistance to the  
Mexicans.

While no definite information is to  
be had, it is understood that representa-  
tives of the Standard Oil Company  
will be en route to make the  
first tests and will stay the night at  
the latter's hotel.

In view of the fact that one company  
of which Mr. Farnsworth is the active  
head has already succeeded in  
stopping the well, it is put down to  
be held. It is understood that repre-  
sentatives of the Standard Oil Company  
will be en route to make the  
first tests and will stay the night at  
the latter's hotel.

It is felt that the expert will  
be present to advise.

We hope to keep you posted on the  
matter, but we will not be able to do so  
until the experts arrive.

After the arrival of the experts  
from Laredo, the experts will be sent to  
Mexico, General Trevino, who now  
is commander of the Mexican army for  
a number of years, under the Mexican  
Army, General Trevino, who is in  
charge of the former interest in  
the former interest in the Mexican  
Army.
